Greenfield Community Hospital

Hospital Information Guide | Synthetic sample data for RAG testing — not a real hospital

Important demo-data notice

Greenfield Community Hospital is a fictional hospital created solely for testing document retrieval, chunking, embeddings, and chatbot responses. All names, phone numbers, schedules, prices, capacities, and policies in this guide are invented examples. Do not use them for real care or emergencies.

1. General information and contact details

Field	Sample information
Hospital name	Greenfield Community Hospital
Address	24 Riverside Road, Greenfield Junction, Kochi, Kerala 6820XX (fictional address)
Main reception	+91 00000 10001 (placeholder; not a working number)
Appointment desk	+91 00000 10002 (placeholder; not a working number)
Emergency desk	+91 00000 10003 (placeholder; not a working number)
Email	helpdesk@example.invalid
Website	https://greenfield-hospital.example.invalid
Reception hours	Open 24 hours, every day
Outpatient (OP) hours	Monday–Saturday, 8:00 AM–5:00 PM; Sunday, 9:00 AM–12:00 PM for selected clinics
Patient registration	New patients should register at the reception counter before visiting a department.

2. Departments, sample doctors, specialties, and availability

Schedules below are fictional examples. Clinic hours can change, and a listed time does not guarantee that a specific doctor will be present. For a real appointment, confirm directly with the hospital.

Department	Sample doctor and specialty	OP availability
General Medicine	Dr. Ananya Menon — fever, diabetes, blood pressure, common adult illnesses	Mon–Sat, 9:00 AM–1:00 PM
Cardiology	Dr. Rahul Nair — heart health, chest-pain evaluation, hypertension follow-up	Mon, Wed, Fri, 10:00 AM–1:00 PM
Paediatrics	Dr. Meera Thomas — child health, vaccination counselling, common childhood illnesses	Mon–Sat, 9:30 AM–12:30 PM
Orthopaedics	Dr. Vivek Pillai — bones, joints, sprains, fractures and mobility concerns	Tue, Thu, Sat, 2:00 PM–5:00 PM
Obstetrics & Gynaecology	Dr. Lakshmi Varma — pregnancy care and women's health	Mon–Fri, 10:00 AM–1:00 PM
Dermatology	Dr. Farah Joseph — skin, hair and nail concerns	Tue & Fri, 2:00 PM–4:30 PM
ENT	Dr. Nikhil Das — ear, nose and throat concerns	Mon, Wed, Sat, 2:00 PM–4:00 PM

Department	Sample doctor and specialty	OP availability
Ophthalmology	Dr. Sneha Kurian — eye examinations and common eye concerns	Tue, Thu, Sat, 9:00 AM–12:00 PM
Dentistry	Dr. Arun Mathew — dental check-ups, fillings and oral hygiene	Mon–Sat, 9:00 AM–1:00 PM
Emergency & Trauma	Duty medical team — urgent assessment and stabilization	24 hours, every day

3. Registration and consultation charges

Service	Sample charge
New patient registration	■100 one-time
Follow-up registration	■50 per visit
General Medicine consultation	■300
Specialist consultation	■500
Emergency assessment fee	■700 initial assessment; tests and treatment extra
Medical certificate	■200, if clinically appropriate and issued by a doctor

Charges are sample values for retrieval testing. Actual bills may include investigations, procedures, medicines, consumables, deposits, or other services.

4. Rooms and accommodation

Room type	Sample daily tariff	Includes / notes
General ward bed	■1,000 per day	Shared room; meals billed separately
Non-AC private room	■2,200 per day	One patient room; meals billed separately
AC private room	■3,500 per day	One patient room with air conditioning; meals billed separately
Deluxe room	■5,000 per day	AC room with extra seating; availability subject to confirmation
ICU bed	■8,000 per day (bed charge only)	Doctor, nursing, equipment, medicines and procedures may be charged separately

5. Food and cafeteria prices

Item	Sample price
Breakfast	■80 per meal
Vegetarian lunch	■150 per meal
Non-vegetarian lunch	■220 per meal
Dinner	■150 vegetarian / ■220 non-vegetarian
Tea or coffee	■20 per cup
Fresh juice	■60 per glass

Item	Sample price
Patient diet meal	■180 per meal; requires approval from the clinical/dietary team

Patient meals may be adjusted for allergies, diabetes, kidney disease, swallowing difficulties, or other clinical needs. Patients should follow advice from their treating team.

6. Ambulance and emergency services

• **Sample ambulance fleet:** 4 ambulances in total — 2 basic life support (BLS) vehicles and 2 advanced life support (ALS) vehicles.

• **Availability:** Dispatch is listed as 24/7 in this fictional dataset, but vehicle availability depends on current calls and staffing.

• **Sample local transfer charge:** ■1,500 base charge for the first 10 km, then ■35 per additional kilometre. Medical equipment, waiting time, oxygen and clinical staff may add charges.

• **Emergency department:** Open 24 hours. The emergency team prioritizes patients by clinical urgency, not simply by arrival order.

• **Real-world safety:** This document contains non-working placeholder contact details. For a real emergency in India, call 112 or the locally applicable emergency ambulance service; do not rely on this fictional hospital or its numbers.

7. Other facilities and policies

• Laboratory: sample collection 7:00 AM–7:00 PM; selected urgent tests may be available after hours.

• Pharmacy: sample opening hours 7:00 AM–11:00 PM. Emergency medication availability must be confirmed.

• Radiology: X-ray and ultrasound by appointment; CT availability is subject to staffing and clinical indication.

• Visiting hours: 4:00 PM–6:00 PM. ICU visits require permission from the care team.

• Payment: sample accepted methods are cash, debit/credit card and UPI. Insurance and cashless eligibility must be checked with the billing desk.

• Documents for registration: a government-issued photo ID, previous prescriptions/reports if available, and insurance details when applicable.

• Appointments: patients can request an appointment through the appointment desk or reception. The chatbot must not claim a booking is confirmed unless the booking system confirms it.

End of hospital reference guide. Demo values are deliberately fictional and should be replaced with verified information before any real deployment.
